

Instructions for Clear Envelope Brag Book

Dimensions: 12x4.75 solid color strip, 4.75x6 coordinating solid color cover, 4.5x5.75 patterned paper.

Other: ten clear envelopes, ribbon, punches or embellishments, Hodgepodge Hardware, jumbo eyelets, Crop A Dile, stamps and ink as desired.

1. Score the long strip at 7.25 and 8.25. This area will be your hinge.
2. There is a long and a short side of the cover. Adhere the additional piece of cardstock to the short side to make it as long as the long side. Sticky Strip is recommended.
3. Decorate with the cover with double-sided designer paper, Hodgepodge Hardware, stickers, stamps—whatever you desire.
4. Peel off the strips from the envelopes and stack them together all facing the same direction.
5. Stick the envelope stack to the back page of the cover, with the flaps inside the spine area (pre-scored for you). No adhesive is necessary.
6. Close the cover and, holding the layers tightly, use the Crop-A-Dile's largest hole punch, to punch two holes through the spine (you can pre-measure and mark where you'd like them to be if you don't want to eyeball it).
7. Set two jumbo eyelets in the holes. If the eyelets don't want to go in the holes, use the CAD to make the holes slightly larger.
8. Tie ribbon through the holes and knot, trimming ends.
9. You can either just put photos into the book, or scrapbook little blank pages and insert those for your recipient to finish themselves.
