

Waterfall Card Pattern

1. Cut and score along edges.
2. Add image or journaling to area D of waterfall strip.
3. If desired, punch hole in right edge of area D and attach ribbon.
4. Stamp 2-1/4" x 2" squares (A, B, C) as desired.
5. Fold strip in half so that areas A, B, and C lay on top of area D.
6. Adhere square C to back of area C of waterfall strip.
7. Place adhesive on back of area B and attach square B. Note: Square B is substantially larger than area B. Only adhere the left side.
8. Place adhesive on back of area A and attach square A. Note: Square A is substantially larger than area A. Only adhere the left side.
9. Lay waterfall strip on standard size card front (4-1/4" x 5-1/2"). Layer 1" x 4-1/4" strip on top of area D. Area C should lay on top of 1" x 4-1/4" strip. Attach 1" x 4-1/4" card stock strip to card with eyelets. Note: Area D should be able to slide freely behind 1" x 4-1/4" card stock strip.
10. Adhere area C to 1" x 4-1/4" card stock strip.
11. Gently pull area D to the right. As it slides under the 1" x 4-1/4" card stock strip, back of area A should flip and lay flat against card front. If desired, add journaling to area A.
12. Continue gently pulling area D to the right. Back of area B should flip and lay flat against card front. If desired, add journaling to area B.
